

Designing a UTV **FIRE** or **RESCUE** or **FIRE RESCUE UNIT** To Fit Your Departments' Needs!

This is a guide to assist your department in specifying the exact Utility Vehicle Fire/Rescue/ or Fire Rescue unit that you are looking to purchase. All of our units are custom built to our customers' specific needs. Upon receipt, we will forward to you detailed specifications and a firm price and lead time on your unit.

**Pick items that are applicable to your UTV Unit – Example: If you only want a Fire Unit pick those items. If you want a Fire & Rescue pick those items or explain in notes sections.**

Please send any other note sheets along with this guide as needed.

Please call, fax, or email us if you have any questions.  
"Thank You ..... and we look forward to working with you"

Date \_\_\_\_\_ (Please print or type)

Fire Dept. Name \_\_\_\_\_

Name \_\_\_\_\_ Title \_\_\_\_\_

Address \_\_\_\_\_

City \_\_\_\_\_ State \_\_\_\_\_ Zip \_\_\_\_\_

Phone # \_\_\_\_\_ Fax # \_\_\_\_\_

Email \_\_\_\_\_

**PLEASE INDICATE THE UNIT(S) YOUR DEPARTMENT IS INTERESTED IN:**

UTV FIRE UNIT

UTV RESCUE UNIT

UTV FIRE RESCUE UNIT

**Section 1 - Vehicle**

What type of vehicle will be housing this unit? \_\_\_\_\_

Would you like RKO to quote / supply the vehicle? YES  NO

Notes : \_\_\_\_\_

(It is usually less expensive to buy the vehicle at your preferred Utility Vehicle Dealer and save the shipping costs of vehicle transportation to and from RKO. In the case of our special aluminum bed systems – the vehicle must be at RKO for assembly)

**Section 2 - Tank**

Water capacity desired \_\_\_\_\_ (gallons) Integral foam / agent cell capacity \_\_\_\_\_ (gallons) \*

**Tank Material: RKO uses only NFPA approved Co-Polymer Tanks with lifetime warranty.** If interested in a custom color tank to match your vehicle or department paint code

please indicate paint color / code here \_\_\_\_\_

Notes : \_\_\_\_\_

## Section 3 – Pump

We offer a wide variety of pump brand names, sizes, and options.  
Some names are Darley, Hale, Wildfire, Ace, and Hypro.  
(We do not offer C.E.T. Pumps)

Manufacturer: \_\_\_\_\_ (Please enter Mfg's Name)

Engine: Gasoline  Diesel  Hydraulic  ( Kubota RTV only ) **(choose one)**

Please complete if known \_\_\_\_\_ GPM @ \_\_\_\_\_ PSI

Horsepower preferred \_\_\_\_\_

Starter: Electric / Manual **(choose one)**

Battery: Separate / Vehicle **(choose one)**

Pump Model / # (if you have one in mind) \_\_\_\_\_

Please pick one :

END MOUNT PUMP/ PIPING  OR TOP MOUNT PUMP/ PIPING/ HOSE REEL/ STRETCHER

## Section 4 - Hose Reel/ Hose/ Nozzle(s)

*RKO only offers superior Hannay Hose Reels.*

Rewind: Manual  Electric  (choose one)

Reel capable of holding \_\_\_\_\_ feet of \_\_\_\_\_" diameter hose.

RKO to supply the hose? Yes  No  (choose one)

If so, how much: \_\_\_\_\_ feet of \_\_\_\_\_" Hose

We offer Goodyear Red Booster Hose  or Yellow Reel Lite Hose  on hose reels.

Please list any nozzles that you would like included with this unit:

(We are a dealer for the following nozzle manufacturers: POK, Akron, Red Head, Chemguard, Darley, and Wildfire)

Notes : \_\_\_\_\_

## Section 5- Plumbing

RKO is the only manufacturer that has a **lifetime warranty** on our **Exclusive Stainless Steel Piping Systems**.

We manufacture the " Best" Full Flow Precise Stainless Steel (CUNI and Monel also available for saltwater) Piping Systems in the Emergency Services Industry. NO RUST. After fabrication is complete the piping is then primed and painted to give it a fine finish look using the Dupont Imron, Siekens, or PPG Paint System to the color code of your choice.

Please list valve sizes below if you would like, otherwise we will make suggestions based on pump information:

\_\_\_\_\_ " Tank - to - Pump \_\_\_\_\_ " Rear Discharge  
\_\_\_\_\_ " Recirc / Tank Fill \_\_\_\_\_ " Rear Discharge  
\_\_\_\_\_ " To Hose Reel \_\_\_\_\_ " \_\_\_\_\_ (Other)  
\_\_\_\_\_ " Aux. Suction \_\_\_\_\_ " \_\_\_\_\_ (Other)

Notes: \_\_\_\_\_

Color code: \_\_\_\_\_

## Section 6 - Foam System

RKO offers various Foam Systems that we can incorporate into your UTV Unit. We can and usually do provide our

**FREE SIMPLE INDUCTION SIDE CLASS "A" SYSTEM.**

Foam / Agent cell capacity \_\_\_\_\_ gallons (Foam agent Capacity is in Section 2 - Tank(s))

What type of Foam System (if not RKO Induction type) ?  
\_\_\_\_\_

Would you like for us to include an Air - Aspirated Foam Nozzle? YES  NO

If so, what size? 1 inch  1-1/2 inches

Model # \_\_\_\_\_

Notes: \_\_\_\_\_

## Section 7- Options

Hosebed(s) : \_\_\_\_\_

Tool Compartments : \_\_\_\_\_

Over Platform Quartz Work Light Yes  No  (Choose One)

Drip Torch Holder(s) \_\_\_\_\_

Winch \_\_\_\_\_

Brush Guards \_\_\_\_\_

Emergency Lighting \_\_\_\_\_

Siren and or PA \_\_\_\_\_

O2 Bottle holder(s) \_\_\_\_\_

IV bag holders \_\_\_\_\_

Nozzle / Tool / other Holding Devices \_\_\_\_\_

Polished aluminum wheels \_\_\_\_\_

Special Tires \_\_\_\_\_

Mattracks \_\_\_\_\_

## Other Desired Equipment

---

---

---

Is this Unit under a particular budget ? If so \$ \_\_\_\_\_

( We can make suggestions to stay within a certain budget if necessary and still provide you with certain RKO exclusive items such as our stainless steel full flow piping and high quality aluminum skid platform)

When does your department plan to purchase this unit ? \_\_\_\_\_
